Longmont, CO 80503

The Radio Shopping Show works for just about every type of business

- **Guaranteed customers in your place of business who might have otherwise done business with one of your competitors.**
- **Desirable exposure in the form of live, on-air promotional announcements from the show host; and, shopper endorsements talking about your business.**
- **Print exposure in the Radio Shopping Show Shoppers' Guide catalog, distributed at our Redemption Center, participating businesses, Road Shows and through the Radio Shopping Show web site.**
- **Inclusion in the Radio Shopping Show website with direct links to your website.**
- **Live, onsite customer traffic through no-cost participation in a Radio Shopping Show "Road Show".**
- **Window and countertop displays that designate your business as a participating member of the Radio Shopping Show.**
- **Unique and effective electronic and new media throughout the Front Range and Northern Colorado...without ever writing us a check!**

How the Radio Shopping Show works

- **With the guidance of your Radio Shopping Show representative, YOU determine the appropriate certificate value, weekly quantity and expiration date. Our only caveat is that the certificate has to enable the bearer to receive a full value (i.e. complete meal, full car wash, oil change, eye exam etc.). Remember...the customer's experience could earn your business their life-long loyalty.**
- **Your business' information and certificate offer is immediately entered into the RSS online system for immediate inclusion in the live, on-air radio program, interactive website and other promotional materials.**
- **Certificate sales are restricted by RSS to one-per-member per 90-day period unless you specify otherwise. This ensures maximum new-customer exposure!**
- **Certificate sale is conducted on-air and features the full description of your business' offer, benefit and value to ensure maximum exposure.**
- **The full-value Gift Certificates are printed by RSS and include the specified offer from your business.**
- **The certificate bearer can only redeem your business' certificate at your designated place of business, ensuring on-site traffic.**
- **You can discontinue your participation in the Radio Shopping Show at any time. However, all certificates still in circulation must be honored.**
